## FALL'S KIN ENDS SILENCE ON LOANS BY SINCLAIR

Testimony Now Lists \$394,000  
Paid Ex-Secretary, Including  
Sum Given by Doheny

(Continued from First Page)  
being questioned for more than an hour, Everhart said he did not know who Fall was or what his plan was to tell the details of the bond transaction.

"I had to tell my part," he said. "In fairness to my family, I could not tell the whole story because there was never any more to me than an ordinary ranch deal. If it was anything more I did not know it."

### ACCOUNT VAGUE

Everhart told a somewhat vague and involved account of a refinancing of New Mexico ranch properties made by himself and his father-in-law, and said that the bond transaction had been arranged by Fall and Sinclair before Everhart was brought into the deal.

Exactly the story is that the ranch properties were to be lumped and a one-third interest to be sold to Sinclair, the money to be used in paying off the indebtedness of the Tres Ritos Ranch and Carrizozo Ranch, personal debts and the balance due on the Harris ranch, adjoining Tres Ritos, which Fall had taken over.

Then the story is that which a part of Tres Ritos would be converted into a hunting and riding club and it appears to Everhart that Sinclair and Fall had agreed that the newly organized ranch company was on account of the prospective organization of the club, which, however, was not taken over.

The 100 shares of the stock of the old Tres Ritos Company, held fifty shares by Fall, one share by Everhart in his capacity as a minority shareholder as trustee for his wife, were exchanged for 100 shares of stock in the new company. Everhart said the stock was worth \$300 and the Harris shares were worth \$300. The shares to be sold, thirty-three shares to Fall as trustee for Sinclair and thirty-three shares to Fall with one share to an employee of the company so he might qualify as a director.

Sinclair's payments, Everhart said, were made in installments and in New York and in Liberty bonds. The deal was consummated in Fall's office in the Interior Department and then Sinclair and Everhart went to the oil office of the Interior Department. \$100 in Liberty bonds were paid out.

Everhart said he delivered these bonds to Fall, who paid \$500 worth, and gave him the remainder, instructing him to proceed to New

burgh, Pa., to visit his son, who is in New York.

After the transaction had presented the record of the Harris account in the New York Trust Company, Senator Walsh adjourned the hearing until tomorrow afternoon and will then adjourn the entire session to determine whether any of the bonds might be traceable to the Continental Trading Company. He explained that he was not sure if Pueblo Blacker's purely personal affairs.

### FAILE REPORTS ON JURY HANDLING ADMITTED

WASHINGTON, Jan. 24. (AP)—Testimony of the head of the government's charge that officials of the Bureau of Investigation had been instrumental in the prosecution pursued.

Everhart explained he came East and got the money. Sinclair, he said, once paid him \$300 in cash when he was in New Mexico. Doheny, he said, gave him \$300.

"How much did you get?"

"How was that paid?"

"I think it was paid in cash, at different times."

Walsh wanted to know whether the same amount was paid to Doheny.

"Not as far as I know," Everhart said.

Next the prosecutor informed Everhart that previous testimony had been that Fall had paid for the Harris ranch before the transactions with Sinclair, but the witness said that Fall had paid him \$300,000 due on the Harris property.

This is the ranch property which hitherto it had been asserted Fall bought for \$100,000.

Winning their fifth consecutive cabsa contest and incidentally tabling a stangle hold on their fourth straight City League basketball championship, Coach Bill Paige's Hollywood losers walloped Polytechnic by 22-to-11 score yesterday afternoon.

Vic Bremer's battling Mechanics kept the game out of the mechanics, class by scrapping for every point, but as usual the Crimson quintet improved as the tilt progressed and took the lead in the final half. Hollywood's superiority is evidenced by the fact that Poly snared only three half goals while the Foot-hillers dropped twelve through the bucket.

Capt. Clem Sulitzenko, generally known by the inmates as "Cockey," continued to find the hands and stomach for the Mechanics' defense points. His nearest competitor was Max Greman, a former lightweight protege, who accounted for all three of Poly's field goals and snared two other points altogether.

The Gold and Blue quintet was never ahead, but the Mechanics staged a spurt as the second quarter neared to make the score 12 to 11 in favor of the Foot-hillers at half time.

Hollywood meets Jefferson Friday afternoon in the final game of the season. The Foot-hillers have dropped five straight games, the Foot-hillers will be favored to annex the game and clear title to the championship.

In the preliminary game, Poly's lightweights came from behind to defeat the Foot-hillers' babes by a 21-to-20 score. Hillers proved to be a match for the Mechanics with fifteen points to his credit. The Hollywood five led at half time, 10 to 16, but the league leading Mechanics snared only double the Foot-hillers' points in the last two quarters.

## CHUCKLES from LIFE

## THE STRATEGIST

Manager: *Keep 'at left hand up; keep it right out in front of th' champ's nose, see? Don't let it drop. Keep whippin' it into th' champ's nose; jes' stabbin' an' peckin' at him. An' when you shoot 'at left hand out, pull yer shoulder up to cover you chin, see? Keep it up, see? At any day, champ won't be able to sock you with th' right.*

Boxer: *But suppose th' champ does sock me with th' right; what do I do then?*

Manager: *You don't do nothin'. I on' a couple of other guys will hop right in th' ring an' carry you back to yer stool.*

## That Lucky Piece

I WOULDN'T lose my threepenny "lucky piece" for anything. It nearly was today when I thought I'd lost it. I was panic-stricken. No one would know what would happen to me if I lost it. So I dashed out to retrieve it. I got knocked down by the fender of a taxi and rolled to the curb. I was too tired to mind being run over by a truck.

I still have my lucky piece. If it hadn't been for that I probably should have been killed.

—Tracy Hammond Lewis.

Mrs. Briggs (reading a letter from her aunt): Uncle Jake's got a new place.

Mr. Briggs: What did he do?

Tracy: In his rheumatism.

Representatives from the whole

England Lifts Trade Bans to Save Commerce

Russian Product Finds Way to British Isles

Shell Agent Sees Flood of Petroleum at Hand

NEW YORK, Jan. 24. (Exclusive) The granting of a credit of \$15,000,000 to the Russian soviet government by a syndicate of British banks, once withdrawn at the request of the Baldwin government at the time when England broke off relations with Russia, may now be permitted to enable Anglo-European oil companies to regain their hold on the markets for oil on the continent, in India and in the Near East, where Russian oil is being marketed in increasing quantities.

Reversal of negotiations with the soviet by the English banking syndicate has come about directly as the result of the recent decision of the independent distribution of Russian petroleum, according to private cable advices from London received by financial interests in New York.

EUROPE BATTLE GROUND

That the rest of the conflict in Europe will be concentrated in Russia, not only where the Standard Oil Company of New York is selling the Russian product but in the European market, is now admitted by all parties to the controversy. The reversal of negotiations for the granting of a generous credit by the British banking syndicate is a preliminary step against the two American companies, the Standard of New York and the Vacuum Oil Company, which have been granted credits of \$10,000,000 each by the English banking syndicate.

NEGROES DISAPPROVE

Colored delegation expressed frank disapproval that the Fourteenth and Fifteenth amendments were not specifically mentioned in the resolution, but believed it is a compromise supported by all.

DETROIT: The close of the session Bish-

op James A. Cannon, Jr. of Richmond,

Va., representing the Southern Metho-

dists, introduced a lengthy state-

ment of protest which ended

in a resolution pledging the Federal

and State governments to secure the

enforcement of the prohibition law.

The second resolution, vigorously

opposed by the belligerent factions,

nevertheless, was passed.

INDORSEMENT GENERAL

Specific indorsement of the Four-

teenth and Fifteenth amendments,

in addition to the Bill of Rights made by

constitutional amendments following

the Civil War, was dropped from both resolutions under pressure from

Dr. George C. Sumner of New Orleans.

The fight for "hearty, active, continuous

co-operation with Federal and

State governments to secure the

enforcement of the prohibition law

was eliminated today by the in-

vestigators. The attorney, twice

indicted for his conduct of the

convention floor today, Bishop

Phillips, contended that the enforce-

ment of one amendment is as im-

portant as any other, for it en-

sures that should be protected by

the United States. He stated

that American negroes do not want

greater equality but that they do want

greater equality.

SOUTHERNERS PROTEST

Dr. Sunny and other Southern

delegates proposed a resolution

to have the negroes granted equal

rights and unlimited freedom for the

negro. Fiery debate followed, but the resolutions were passed and the

convention adjourned.

The council's stand for interna-

tional peace and the reduction of

armaments was reaffirmed by its ex-

ecutive committee.

**NEW YORK CURB STOCKS**

NEW YORK, Jan. 24 (AP)—The broad upward movement continued in the curb market today, resulting in new high prices for all issues. Several new highs were established. Chain stores and food stores again were the leaders, advancing 3 to 33 points. Utilities were fractionally higher and somewhat strengthened, but oil was irregular.

Good earnings reports continued to inspire buying of the chain store issues, of which the feature was the strong showing made by the Borden concern, and of 113-4 points to 118, also a new high, for the preferred. Others to reach new highs included Pacific Powder, Guggenheim, Metropolitan, Wm. W. Mayo, People's Dollar Stores, Sanitary Groceries, the latter soaring nearly 10 points to 225-8, and Royal Baking Powder, which advanced 10 points to 100. General Baking, A. G. Spalding, American Cyanamid, American Rayon, Industrial Rayon and Tubbs Art Silk advanced under profit-taking.

Reports of decreased production failed to produce any definite trend among the oil shares. Gulf registered a gain of 1-2, but Humble, Standard of Panhandle, Prairie, the Standards and Vacuum sold off. Pipe line shares were irregular.

The 20-point rise of Dupont to a new high at 75 was the feature of the market. Auburn gained 1-3 for the day, but other issues were traditionally weak. Price of Canada stampeded 14 points on a small turnover.

Newmont Mines moved up 58-8. New Jersey Zinc touched a new high of 120, but lost 10 points and Carmel 10, with a new high of 32-8.

The closing price is quoted when same as the day, and both up and down when same as the previous day.

## Grewsome Story to be Unfolded to Jury in Hickman Trial

### PARKER KILLING CASE REVIEWED

Girl Abducted from School December 15, 1927

Torso Delivered to Father Two Days Later

Slayer Captured in Oregon Week After Kidnapping

The killing of Marion Parker by William Edward Hickman is looked on as California's worst crime, and it is considered doubtful if the criminal history of the country records a more horrible case. There have been, perhaps, a few instances where murder has been done with equal cruelty, but Hickman eclipsed all others in sheer fiendishness when he delivered the torso of his little victim to her father just after it was disembodied.

The last act sealed him as an arch fiend and it sealed his fate for it aroused the greatest man hunt the West ever has seen. Stung by the country's outburst of indignation, police forces everywhere joined in the chase and Hickman was caught in the ever-tightening net and taken to the bar of justice.

With Hickman's trial due to start today a jury must consider all the facts in the case and, in brief sequence, the story that will be unfolded to them probably will be essentially as follows:

• GIRL TAKEN FROM SCHOOL

On Thursday, December 15, 1927, shortly after noon a well-dressed and brave young man called at the Mt. Vernon Junior High School and told Mrs. Mary Holt, in charge of registration, that he was the young son of Mrs. Marion Parker, daughter of Ferry M. Parker of 1621 South Wilton Place. The stranger explained that he was an employee of the bank where Mr. Parker was assistant cashier, and that his father had been injured in an accident and wished to see his daughter.

Assured by the prepossessing stranger's explanation, Mrs. Holt allowed him to enter the classroom. That was the last time the little girl was seen alive by anyone who knew her, except Hickman.

A few hours later a telegram was filed from Pasadena telling the father to do nothing until receipt of a special delivery letter. A second telegram, sent from Alabama at 8:20 a.m. read: "Marion was last seen at 12:30 a.m. and was last seen in a dark room and in the room was spelled the word "DEATH" in modern Greek characters."

TIME LIMIT SET

—Fulfilling these terms with the words of the burglar, after the return of the girl, read a part of the death letter. "Failure to comply with these requests means no one will ever see the girl again—except the man in my service." The letter was signed and one or two other signatures were added.

The following morning Mr. Parker received a special delivery letter in care of the burglar demanding \$100 in currency for the return of the child alive and warning the father not to notify the authorities of the kidnapping. The letter was signed and one of the signatures was spelled the word "DEATH" in modern Greek characters.

NO CLEWS FOUND

In the meantime, the police seemingly had done everything humanly possible to get a clew to the kidnapper. Cooperating with officials of the bank where Parker worked, they had checked over the lists of every employee or former employee who might have a grudge against the Parker family. Every telegraph station, newspaper office, and other place where the Parker family and all of their friends were closely questioned in the hope of getting a trace, but nothing was found.

When hope of catching speedily the abductor dwindled, Parker was instructed to go to the next meeting of the family and relatives to get his child, and so, on Saturday, December 17, at approximately 8 p.m., near Fifth street and Manhattan Avenue, a family was waiting to meet the kidnapper for the second time.

Another special delivery letter was received by the parents from the kidnapper the next day, in which he repeated his demands, and outlined what he had described as the "final chance terms" of getting Marion back alive. Inclosed was a

REWARDS OFFERED

Then the hunt began in earnest, shocked by the nature of the crime, police officials determined to throw all their information open to the public. The reward offered for the search for the murderer, newspaper, radio, telegraph and every other means of communication was used and the response was instantaneous. Rewards aggregating about \$60,000 were offered for information leading to the capture and conviction of the slayer. The offer was given after the impetus by the finding of the remaining portions of Marion's body in a man's work Sunday morning.

Despite this, however, the slayer was able to avoid capture for five days, mainly because his identity was not discovered until the second day after Marion's disappearance.

On the Monday night following the

kidnapping, however, the police were able to announce that they had found the killer's automobile in a downtown parking station and that fingerprints on the car matched those of Marion's body of his daughter, and passer-by immediately notified the police.

SITE OFFERED CITY

The City Council's Finance Committee yesterday received still another offer of a site for a municipal airport, the new one coming from the agents of Mr. Edward Field on Redondo Boulevard at One hundred and Fourteenth street, one mile east of Hawthorne. According to the data submitted to the City Council, the field is situated 2640 feet in area, and is approximately 200 feet above sea level. The site is thirteen and six-tenths miles from the Aeromarine postoffice. The price at which the land was offered the city is \$10,000. The offer was made by Mr. Lee, who said it was several times the amount offered by the city for departmental purposes.

The offer was active in civic circles, but helped himself from his own establishment, Sunday.

## DRIVE STARTED ON TONIC SALE

Long Beach Bars Such Liquor as Beverages

Soft Drink Bartender and Waitress Arrested

Supply of Patent Medicine Seized in Cafe

LONG BEACH, Jan. 24.—Although manufacturers of so-called wine-tonics, Waters and other liquids having as their primary appeal an 18 to 25 per cent alcohol content, market their products under government permit, it is not lawful for such liquids to be served in drinking-places as a beverage. At least not in Long Beach, where the citizens and the Long Beach police today, following the arrest of a bartender and a waitress in a local cafe and the seizure of sixty-four bottles of "Quin Tonic," a tonic containing, police said, 25 per cent alcohol.

The arrests were made at the East Side cafe, a near-beer establishment. West. The arrests came after the driving of the alleged tonic had been sold to vice-squad members, who paid for the refreshment with a marked bill. The bartender, William Williams, 21, seized on board of \$1,000, and the waitress, Alta Logan, was given her freedom on her own recognition, both to appear in court later to answer charges of violating the wine laws.

"A teaspoonful a day is advised by your physician," the label on the liquid declares, and describes the use of the bottles as a good tonic to cure aches and run-down condition.

The arrests, police say, mark the beginning of a campaign against the sale of wine tonic for beverage purposes.

## Lineman Falls from Pole Top to Pavement

ONTARIO, Jan. 24.—Harry L. Smith of 227 Hi Morado Court, line foreman for the Ontario Power Company, was late today in a critical condition at San Antonio Community Hospital, suffering with a fractured skull, as the result of a thirty-four-foot fall from an electric light pole to the pavement shortly after 10:30 a.m. today.

Smith was helping a fellow-worker string some electric wires on South Ontario Avenue between Main and State streets. He had scaled to the top of the pole when he apparently lost his hold and plunged 30 feet to the pavement. The injured man was rushed in an automobile to the office of Dr. M. D. White, where he was given first-aid treatment and then hurried to the hospital.

An X-ray examination revealed Smith had a fractured skull. Hospital attendants late today declared that the seriousness of the man's injuries did not require an operation, and he was given first-aid treatment for at least twenty-four hours. Although his injuries are very serious, he was still conscious this afternoon.

## KING OF BEASTS UNUSUAL GUEST OF HONOR AT EL MONTE HIGH SQUAD'S ANNUAL FEAST

The annual banquet of El Monte High School football squad was graced by an unusual guest, one Peer, a 400-pound lion from the Gay Lion Farm, who was the mascot of the Lions, as the El Monte team is known, during the past successful season.

Peer displayed unusually good

manners, even if he did punctuate the remarks of the senior-dinner speakers with a few roars of approval or disapproval in accordance with the interpretation of his auditors.

He also sent one of the good ladies of the Parent Teacher Association to serve the meat to the senior hysterics when she passed too close to the cage with a plate of turkey

and Peer tried to snap the bird with his paw.

Guests of honor in addition to Peer were Coach Jones and all-American football players Drury and Hibbs of the University of Southern California.

The girl at the top of the picture is Dorothy Workman, yell leader for the Lions.

## F. PIERCE DUNLAP DIES

Pioneer of Wagon-Train Days of Fifties Succumbs at Age of 74 at His Home in Rialto

SAN BERNARDINO, Jan. 24.—F. Pierce Dunlap, one of Southern California's pioneers, died today at his home in Rialto. Mr. Dunlap who crossed the plains from Texas to El Monte in his mother's arms as she rode in a wagon train, was 74 years of age.

Shortly after his birth, in 1854, his parents left Texas for California, bringing most of their possessions, including 1800 head of cattle.

Then route they crossed the Colorado River. En route they were attacked by Indians, who killed and stole their cattle so that when the party arrived in San Bernardino, they had 300 head of cattle.

Horse had also been stolen from the wagon train so that cattle had to be yoked and driven in their place.

Northern California was the destination of the Dunlaps and they continued on to Tulare county, stopping for brief periods at the Creek Inn.

In 1869 Mr. Dunlap's father returned to San Bernardino and purchased a portion of the original Lugo or San Bernardino grant from James Lugo, who had acquired it from members of the Lugo and Sepulveda families. He was the first to plant and occupy the valley, though a number of apple orchards were already in existence in the canyon.

In a dying statement Horn said his wife was shot accidentally as she struggled with her brother, George Carr, for possession of Horn's gun. Carr was refuted by witnesses at the inquest.

## SANTA BARBARA TO BUILD BIRD REFUGE

SANTA BARBARA, Jan. 24.—In an effort to develop the bird refuge at the eastern entrance of Santa Barbara to a park with Westlake Park, Los Angeles, and Lake Merritt, Oakland, will within next year undertake erection of the new park pavilion. An arbor will be sunk to provide fresh water for the refuge, Chairman Dwight Murphy said.

It is proposed to plant trees and shrubs, dredge the center and create islands in the natural lagoon which attracts thousands of wild fowl daily because of the protection afforded them.

## BULLETS FLY IN RAID

Suspected Moonshiner Dead and Two Officers Wounded in Gun Battle Near Porterville

PORTERVILLE, Jan. 24.—T. Wrinkle, aged 56 years, bachelor farmer of the west of Porterville, lies dead and two officers lie wounded in the Mt. Whitney Hospital here, as result of a gun battle at Wrinkle's place about 3 o'clock this afternoon with city, county and Federal prohibition officers.

Sheriff Halbert of Porterville, deputy in the Tulare county District Attorney's office, was shot in the right shoulder, Morris Tice of Bakersfield, prohibition director of the San Joaquin Valley, was shot in the right hip.

Winkle is said to have opened fire immediately on Tice with a rifle when the officer knocked at the farmhouse door and informed Wrinkle, who was to do this, that he was a Federal officer and had warrants for his arrest on charges of possession of a still.

Halbert, Constable A. F. Huble of Porterville, Chief of Police, Ray Williams of Porterville, A. C. Fulmer of Visalia, Tulare county prohibition officer; Paul Shannon of Bakersfield, assistant to Tice, who had surrounded the home, were all present when Wrinkle began firing, until he was discovered to be firing at random. They then closed in on the place, but it is not known who actually fired the shot that killed Wrinkle.

A large still and 200 gallons of mash were confiscated by the officers. After firing at Tice, Wrinkle is said to have dropped the rifle from his door steps to draw a revolver and opened fire on Halbert, who was making for his automobile parked near by. Wrinkle fired twice, the bullet having no effect. The injury and that of Tice are said to be only flesh wounds.

Winkle's body is laid in Loyd's undertaking parlor. Nothing is known of his people as the time for the inquest has not been set.

## PARK CAMPAIGN FOR SANTA CRUZ

Santa Barbara in Move to Purchase Island

Would be Made Tricounty Undertaking

State Law Provides for Part of Expense Fund

SANTA BARBARA, Jan. 24.—Launching a campaign to promote the purchase of Santa Cruz Island, twenty-five miles off the coast of Santa Barbara, for a State park, E. L. Cochran of the Santa Barbara Chamber of Commerce, will attend the meeting of the State Park Commission in Los Angeles on February 8 and bring this suggestion before members of that body.

The campaign, in the local chamber, includes a plan to form a district under the new State Park law.

The new law provides for a bond issue of \$40,000,000 for State parks which will be voted on at the general elections next November. Under the provisions, a district may

followed hearing to determine the degree of murder, to which Moore had pleaded guilty. Counsel for Moore endeavored to obtain decision of second-degree murder, for which penalty is five years to life imprisonment, contending that Moore did not know what he was doing when he committed the crime, establishing her to death with a butcher knife.

Moore and his wife, whom he married last April as his third husband, had agreed upon reconciliation but had agreed upon reconciliation the afternoon of November 18, last, according to testimony. She washed some clothes for him and he planned to have them him while she went to a hospital to visit her son, by a prior marriage.

While arranging a cord to hold an electric light, he cut his wife's fingers with the knife into a pocket of the overalls he was wearing, according to his story of possession of the knife, and not finding the iron where she had put it, he cut off the cord to call after her, and saw her at the street corner hugging and kissing another man, he claimed.

Following her, he secured her on the street, and the two, with the State other hand, he said, had a few minutes of conversation.

The Santa Cruz Island, long in litigation in Santa Barbara county courts, is owned by the Justinian Cairo Estate of San Francisco, and the Cairo family, who have held the property since 1850, claim it is the possible the island can be secured for \$1,000,000.

"It is a district is formed embracing the coast to the east of the coast county would be only \$100,000," Mr. Cochran declared.

"Santa Cruz Island is not able to care for a State park, it would be necessary to have a park district, and the State other hand, he said, would be able to care for the park.

Following his release from the State other hand, he said, he would be able to care for the park.

He had returned to the house, and the knife, but Moore maintained that his mind was in a haze, he declared, although he recalled that he had been to the house twice with the knife.

Other witnesses said that they did not see him stab his wife, and had not heard their conversation just before the stabbing.

"It is an ideal as a public playground and pleasure resort, for its area, 80,760 acres, is larger than that of Catalina Island, purchased several years ago by William Wrigley for \$30,000.

"It is a natural playground, with a large sum of money that Slater had concealed in his shoes.

Slater had been given the money by the Bedinas Y.M.C.A., he said, and had planned to return to the island, and had returned to the house, and the knife, but Moore maintained that it had been in his overalls since using it to cut a cord in preparing light for his contemplated ironing.

When the court ruled that the murder was first degree, Moore, with his family, was unable to collect his expenses.

He had returned to the house, and the knife, but Moore maintained that his mind was in a haze, he declared, although he recalled that he had been to the house twice with the knife.
